# WHAT IS ROOTCON

## Mission

To provide a venue for gathering of \*NOT\* just InfoSec guys but for technology enthusiasts such as developer, gamer, hardware hacker, technicians, lawyers, businessmen etc...etc...

**We are \*NOT\***

Criminals

Scammers

Rebels

# Introducing the GOONS

is made up of many people, all who has different Kung-Fu and Networking skills, each year they gather to setup and launch a Gathering to practice and show off their skills in alcoholic drinking, debugging, packet sniffing, and socializing. Without these people, rootCON wont be a reality. Its due to there dedication, hardwork and commitment that made it happen.
